The course in which you are enrolled will result in your achieving a nationally accredited qualification. If you complete all requirements of the course you will be awarded a Certificate. If you exit prior to completing all requirements you will be awarded a Statement of Attainment for units successfully completed prior to exiting.

The course requirements are outlined in the VET Quality Framework and the Australian Qualification Framework (AQF). Australian Skills Quality Authority (ASQA) audits Complete Property Training (RTOs) to ensure compliance against these frameworks.

A newly registered RTO will be audited within the first 12 months of operation to ensure compliance with the National VET Regulations and will be re-audited during its subsequent five-year registration period. These standards and the auditing process are intended to provide the basis for a nationally-consistent, high quality vocational education and training system.

The National VET Regulations is a quality training system and is a key driver of Australia's economic and social growth. It is a national training system that provides the basis for high-quality, industry developed and nationally recognised training.

As an RTO, Complete Property Training adheres to this system and does all within its power to remain compliant. From time to time students are surveyed and their cooperation will assist this organisation in remaining compliant. Students will be invited to provide feedback through Course Evaluation Forms. These surveys are conducted to enable Complete Property Training to identify opportunities for improvement not only to training and assessment but also to services provided.

The Australian Skills Quality Authority (ASQA) may invite you to participate in a survey about your experience with our Registered Training Organization. You can view a Fact Sheet and sample questions here <https://www.asqa.gov.au/news-publications/publications/fact-sheets/student-surveys> Should you feel we could improve on any areas mentioned in the survey we would welcome your feedback.

Training and Assessment Methods and Pathways

Complete Property Training has been approved by ASQA to deliver the qualifications listed on the national website. If you visit www.training.gov.au and enter Complete Property Training's name in left search window, you will be able to see just what those scopes are.

Assessments should provide opportunity for Complete Property Training's to be informed of the context and purpose of the assessment and the assessment process. This will include but will not be limited to information regarding assessment methods and alternative assessment methods if required to accommodate special needs or circumstances. Information sessions are included with the introduction of each subject to inform students of the assessment processes, number of assessments, types of assessments and the individual weighting of each assessment. Staff members are available to discuss and provide limited professional advice as to the outcomes of the assessment process and guidance on future options.

Students are advised that there are a number of pathways to qualifications and Complete Property Training provides you with the opportunity to identify the most appropriate pathway. This may be through:

- a formal learning process, such as the course in which you are currently enrolled
- work experience, such as being taught on the job how to do something or though
- Life experience or personal experience, such as a hobby or experience at home

Study options available may include:

Full time - this option requires classroom attendance as outlined in the course outline. Students may attend class at a Training Venue OR via Zoom Meeting.

Part Time – this option allows the student time to undertake other responsibilities, such as work, home duties etc.

Flexible – a combination of classroom and home study

Please note not all classes provide these options and students are encouraged to discuss this with their trainer. Students should be aware of the assessment criteria used by the trainers at Complete Property Training. Assessment requiring essay or report writing is based on the following criteria:

1. Answering the Question

Students must address what the question is asking. Look for key words that indicate how the question is to be approached and the information that is to be included. Sequence the answer to appropriately develop logical arguments.

2. Researching

Students are provided Learning Resources prior to course commencement and are required to read and absorb content prior to course commencement. Research is also used during the duration of the course. Students are required to access websites to complete forms and answer assessment questions.

3. Accuracy of Spelling, Grammar and Punctuation

Accurate spelling, grammar and punctuation will ensure the trainer can correctly interpret what is written. Students should use the tools available (dictionary, thesaurus, spell-check on computers etc.) and must proof-read before handing in.

All assignments must be the individual's own work. Trainers are responsible for ensuring that any "suspect" assessments are thoroughly scrutinised. Any irregularities will be reported to the Chief Executive Officer and dealt with accordingly.

Assessment Re-sit Procedure

Stage 1: Student undertakes in-class assessment

- Students will be notified within 14 days of undertaking an assessment of their performance.
- If a student does not attend the in-class assessment, they should notify their trainer as to why they did not attend and if due to illness a medical certificate must be produced. If the assessment is a practical, or no evidence is provided a \$50 administrative fee may be charged for re-sitting the assessment.*

Stage 2: Student deemed Not Yet Competent in FIRST assessment

Students who are deemed to be Not Yet Competent are to be provided with information identifying the areas in which they failed to achieve competency.

Students will then have the opportunity to repeat the assessment task within 7 days of notification.

Stage 3: Student deemed Not Yet Competent in FIRST re-sit

- If the student is again deemed Not Yet Competent they will be provided with information identifying the areas in which they failed to achieve competency.
- The student must then participate in a new assessment task within 7 days of notification; a fee of \$50 may be required to be paid prior to the assessment.

Stage 4: Student deemed Not Yet Competent in SECOND re-sit

- If the student is still unable to demonstrate competency, then the student will be required to repeat the unit of competency.
 - Complete Property Training will determine the time at which the unit will be available.
 - The student may be liable to pay a fee to be determined by Complete Property Training to cover the cost of extra tuition
- If an enrolment period has expired, students may be required to complete further assessment at an additional cost.

* The decision to charge any fee (or portion of the fee) will be made by the CEO who will consider all aspects of the case prior to making the decision.

Competency Based Training and Assessment

Competency Based Training is always concerned with what the student will be able to do at the end of training. There is not so much concern with what the inputs are or how the student got there. So long as the student can provide quality evidence that demonstrates achievement of the listed competencies, it does not matter who taught him or her, how or when the training takes place, what resources are used or of what the content material of the curriculum consists.

All assessments conducted by Complete Property Training the following directives will be observed as listed in the *Competency Standards for Assessment* outlined in The Training and Assessment Training Package (TAE10)

- Assessment procedures will:
- be equitable, culturally and linguistically appropriate,
 - involve procedures in which criteria for judging performance are made clear to all participants,
 - employ a participatory approach,
 - provide for students to undertake assessments at appropriate times and where required in appropriate locations.
- *Flexibility* - Assessment procedures must be flexible, that is, they should involve a variety of methods that depend on the circumstances surrounding the assessment,
 - *Recognition of Prior Learning* - Individuals seeking RPL will be able to access an RPL process as described in our Recognition of Prior Learning Information Kit,
 - *Due Date Information* - The trainer will advise students of the final date for the receipt of an assessment when the assessment is handed out. Assessments will only be accepted after this date in case of illness (doctor's certificate must be provided) or other exceptional circumstances (at the discretion of the trainer).

If a student provides a credit card for the payment of the \$1000 deposit, the balance course fees will be deducted from this credit card on the final day of the student's course.

Language, Literacy and Numeracy (LLN)

Complete Property Training aims at all times to provide a positive and rewarding learning experience for all of its students. The enrolment form requests provision of information regarding each student's LL&N requirements or any other special learning needs. In the event of LL&N becoming an issue, the Administration Staff will contact the student to discuss their requirements.

Students must ensure that they have discussed with the Chief Executive Officer (or their appointed representative) any concerns they may have about their capacity to participate because of any Language, Literacy or Numeracy difficulties.

Where language, literacy and numeracy competency is essential for students, Complete Property Training will make every effort to ensure that each participant is adequately supported to enable them to complete their training. Some examples of the type of support that Complete Property Training can offer include:

Literacy

- Providing students only essential writing tasks,
- Consideration of the use of group exercises so that the responsibility for writing rests with more than one person,
- Provision of examples and models of completed tasks,
- Ensure that documents and forms are written and formatted in plain English,
- Use of clear headings, highlighted certain key words or phrases and provided explanations of all technical terms used,
- Assessments can be conducted using the interview technique where required.

Language

- Speak clearly, concisely and not too quickly,
- Give clear instructions in a logical sequence,
- Give lots of practical examples,
- Encourage students to ask questions,
- Ask all questions to ensure students understand.

Numeracy

- Show students how to do the calculations through step by step instructions and through examples of completed calculations,
- Help students to work out what maths/calculations/measurements are required to complete the task,
- Encourage the use of calculators (if applicable) and demonstrate how to use them.

Recognition of Prior Learning (RPL)

Recognition of Prior Learning is a term that covers Recognition of Prior Learning (RPL), Recognition of Current Competency (RCC) and Skills Recognition. The term “recognition processes” refers to assessment processes that enable recognition of competencies currently held, regardless of how, when or where the learning occurred. Under the VET Quality Framework, competencies may be attained a number of ways. This includes through any combination of formal or informal training and education, work experience or general life experience. In order to grant recognition of prior learning/current competency, the assessor must be confident that the candidate is currently competent against the endorsed industry or enterprise competency standards of Training Packages or competency outcomes specified in Australian Qualification Framework (AQF) accredited courses. The evidence may take a variety of forms and could include certification, references from past employers, testimonials from clients and work samples. The assessor must ensure that the evidence is authentic, valid, reliable, current and sufficient.

Knowledge and skills can be acquired in a variety of ways:

- Through a formal learning process, such as attending school or completing a short course,
- Through work experience, such as being taught on the job how to do something
- Life experience or personal experience, such as a hobby or experience at home.

There are no limits on where or how the skills have been acquired

Complete Property Training has an established RPL process and recognises all AQF qualifications and statements of attainment issued by other registered training organisations.

The procedures for applying for Recognition are:

1. The potential student is informed of the course contents and of the existence of an RPL process prior to/or at the time of enrolment.
2. If the Student wishes to make an application for RPL, they are invited to verbally discuss their basis for RPL, the purpose of this is to prevent poorly supported claims from being made and to ensure that the potential Student is fully aware of the RPL process.

3. If Complete Property Training decides to proceed with the RPL process then, upon payment of the prescribed sum, the Student will be issued with the RPL kit, containing:
 - a. An RPL application form, outlining the basic information about the application and the units of competency they are making claim for.
 - b. A guide for the portfolio of evidence that the student will need to amass to show the support their claim for RPL; three forms of evidence from the list below will be acceptable:
 - i. letters or statements for experts attesting to Complete Property Training's ability
 - ii. samples of work or documentation completed
 - iii. certificates from courses attended,
 - iv. details of participation in activities, this may include resumes, or other types of records
 - v. videos demonstrating skills,
 - c. The portfolio of evidence will be assessed by a competent person.
 - d. The assessment will be determined and results forwarded in writing to the Student
 - e. The Student has an opportunity to appeal if they feel that this is appropriate, in which case the appeal is managed from the Academic Appeal process.
 - f. Included with the assessment decision will be feedback informing the student of the reasons for the decision.

RPL Fee: RPL will be charged at a comparable rate to that of the unit of competency.

Recognition of Qualifications issued by other Registered Training Organisations

All AQF qualifications and statements of attainment issued by other registered training organisations will be fully recognised by Complete Property Training.

Students enrolling in Complete Property Training courses will be able to use their existing qualifications issued by other RTOs as Credit Transfer, provided that the Credit Transfer complies with the Packaging Rules for the qualification being sought.

Unique Student Identifier (USI)

From 1st January 2015 every student will need to apply for a USI before enrolment can be processed. Every student who undertakes nationally recognised vocational education and training (VET) in Australia (or overseas from an Australian-registered provider) will be able to access their enrolment and achievement record from a single authoritative source.

The USI must be provided to their training provider (Complete Property Training) before the person can receive a statement of attainment or qualification, post 1 January 2015.

Complete Property Training can apply for a USI on your behalf (if you do not already have one) and can also view your USI Transcript if you give us permission to do so. We, as a Registered Training Organization will benefit from having permission to view a student's transcript for the purpose of:

- Enrolment

- Conducting entitlement assessments
- Troubleshooting transcript errors

You can set and manage these permissions yourself in your USI Account. For more information on the Unique Student Identifier, Transcripts and permissions please view the “Student Quick Guide” in the Appendices of this document.

Protection of student's privacy

The protection of your USI – and the personal and educational data that it links to – is paramount and important safeguards will be in place to protect your privacy. A key principle underpinning the initiative is that individuals will have control over their USI and can determine who can have access to the personal and educational records associated with it.
